

Small Animal Neurologist/Head of Neurology - Ireland

Veterinary Specialists Ireland, Co. Meath, Ireland

Veterinary Specialists Ireland, Ireland's largest and fastest growing private Specialty Hospital, is recruiting for Ireland's first board-certified or board eligible neurologist.

Come join our team of ACVS/ECVS/ACVSMR/ECVSMR/ECVIM/ECVECC/DACVN/DECVCN Diplomates in our multidisciplinary state of the art hospital, located in a rural idyll just 25 minutes outside of Dublin.

Our practice is independently owned by two ACVS/ECVS surgeons and already has a high neurology caseload that is currently supported by our surgery, internal medicine and emergency and critical care teams. Our team have access to on-site 64 slice CT and 1.5T MRI, extensive fracture repair lines, access to custom 3D guides and implants, intraoperative fluoroscopy, UWTM, electric hoists, and our support staff are extremely well-versed in meeting the specific needs of neurology patients.

Our Specialists are supported by a team of 10 intern vets and 2 ECVS surgical residents. Our hospital is staffed 24/7, with vets on-site to look after inpatients OOH. The ideal candidate would enjoy a busy and varied caseload, with access to training for advanced techniques.

We are big on a pleasant working environment and good work-life balance. Very competitive package including production bonus, bonus for any cases OOH, company vehicle, generous CPD allowance, employer pension contribution, professional memberships, tailored relocation support, paid study leave and VISA sponsorship, as applicable to suit your situation.
